

WKS Tool Cabinets and WSW Trolleys
for sheet metal processing

The right storage for punching and bending tools

Professionally thought-through solutions that optimise the production processes in your company.

The Apfel tool cabinet series WKS allows a clean and well-arranged storage of punching and bending tools with a minimum of space requirements.

The workshop trolley WSW transports your machine tools safely and keeps your measurement devices always ready to hand.

Practical
Robust
Safe

The Apfel tool cabinet WKS guarantees maximum organisation with minimum space requirements. Thanks to vertical drawers, the tools are always ready to hand.

Direct access from both sides provide increased safety as reaching over the tools becomes needless.

Perfectly tailored fittings ensure a protective storage at an optimum of spatial use.

Maximum payload of up to 5.400 kg per cabinet. Up to 1.800 kg per drawer thanks to extremely robust plastic rollers.

Transport notches for lift trucks or carts enable a quick transport when empty.

Direct access to all tools from both sides

Storage capacity for small parts in each drawer

Maximum load capacity due to running wheels

Notches for easy transport by lift truck

Tool cabinet sets for bending tools

Order No. 2330460 2.280,00

Scrap box MF for medium format sheet metal

Dimensions: 2.750 l x 1.500 w x 630 h

Order No. 2330054 2.380,00

Scrap box GF for large format sheet metal

Dimensions: 3.250 l x 1.750 w x 630 h

Order No. 2330459 2.780,00

Tool cabinet sets for special requirements in your production

WKS 005 „Panzer“ Set W

Three drawers of 300 mm each, robust construction with a payload of 1.800 kg per drawer, 5.400 kg payload in one cabinet.

incl. 18 tool trays WKH 902

Order No. 2330580 Euro 4.280,00

WKS 064 Set L

Store small parts and heavy-load equipment in one cabinet with diverse drawers.

incl. 6 tool trays WKH 902, 30 storage trays WKH 504 and 600 storage boxes size 7

Order No. 2331260 Euro 4.980,00

“Panzer” cabinets for extreme heavy loads

Extremely robust plastic rollers with a payload of 1.800 kg summing up to 5.400 kg per cabinet.

Strong and broad tool trays collect heavy loads such as deep drawing, punching or forming tools in vertical drawers safely, clean, well-arranged.

The WKS 064 stores heavy loads in its 300 mm large drawer with a payload of 1.800 kg.

In the additional three 180 mm drawers the cabinet stores large amounts of small parts in up to 600 storage boxes with a payload of 900 kg per drawer. Thus, the cabinet allows direct and both-sided access to diverse stocks at a front width of only 1 metre.

Dimensions:

1.040 w x 2.140 h x 1.300 d

VLS 300 Set KFZ (Automobile)

More than 15 m² storage space on perforated panels to be fully equipped from both sides.

incl. 4 panels with square / round holes

Order No. 2331104 Euro 3.750,00

VLS 300 Set O (File Folders)

Room for 240 large (80 mm back width) or 360 small (50 mm back width) file folders

incl. 20 storage shelves WLS 300

Order No. 2331055 Euro 3.280,00

Large storage potential, low space requirement

The vertical storage cabinet VLS 300 combines high storage capacity with minimum space requirements. Four vertical drawers of 300 mm each with special rubber sealing guarantee dust free custody of your stock. Running castors at each drawer and the solid construction of the VLS series allow a payload of up to 500 kg per drawer.

Available with shelves for easy and fast access to hundreds of folders or with perforated panels for clean and well-arranged storage of hanging tools and work utensils.

Dimensions:

1.340 w x 2.220 h x 1.135 d
