

At a glance

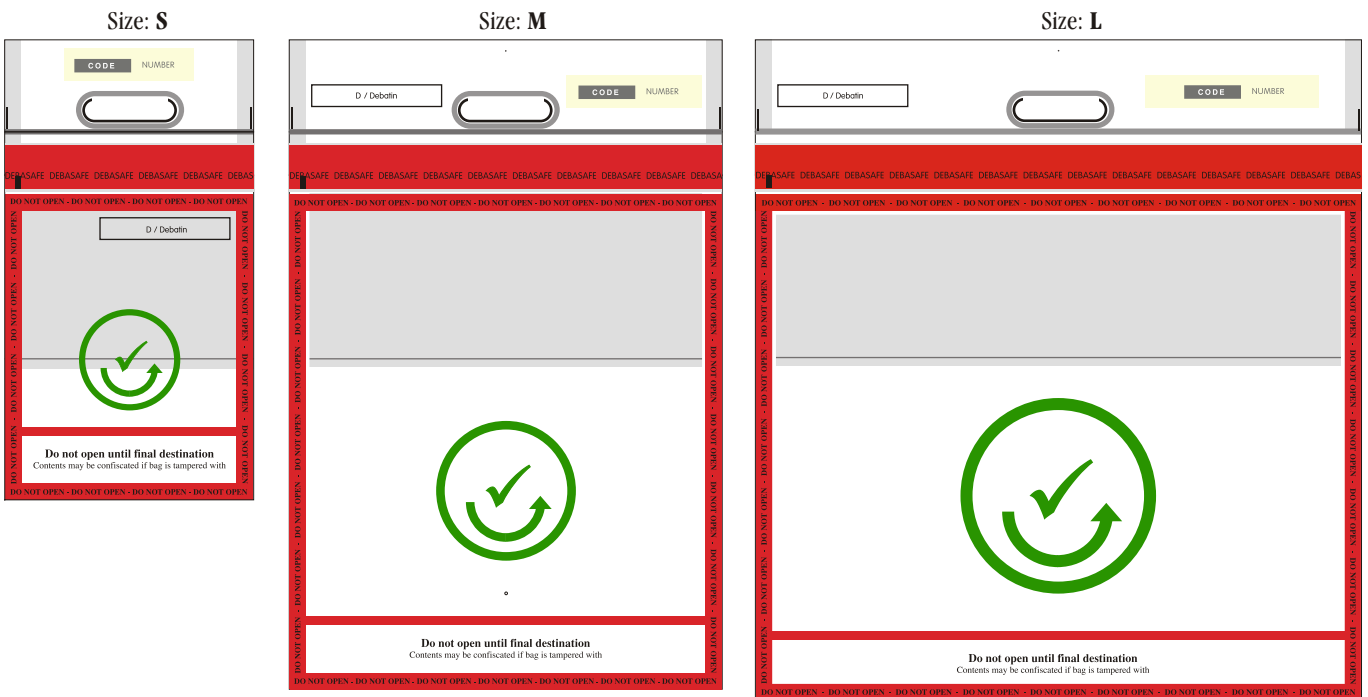

- extremely strong and tear-resistant coextruded transparent polyethylene, available in 50 µm / 70 µm
- robust flatseam with security micro print along the edge seals
- tamper-evident sealing to give irreversible evidence of tampering
- strong carrying handle, even for heavy weights
- available in 3 standard sizes – for small perfume flacons up to magnum bottles
- individual advertising is possible on the reverse side

Country code/manufacturer's code

◀ Tamper-evident closure - makes attempts of opening visible

▶ The large surface of the reverse side offers space for individual advertising
