

### Technical parameters

#### Flame cutting machine GSG 01

Straight cutting machine GSG 01

Flexible mobile flame cutting machine, suitable for:

- Assembly and construction site service

Arrange arbitrary leading or driving rail by magnet adhesion. Mechanically dividing cuts in any cut positions. Basic version with one-torch unit

Two-torch variant, one sided for bevel cuts and stripe width 50-150 mm

Two-torch variant, double sided for trimming cuts 225-500 mm

Cutting thickness:	5-30 mm
Cutting speed:	150-1000 mm/min
Cutting areas:	3-100 mm with 1 support 3-60 with 2 supports
Number of burners:	1 or 2 units
Oxy-fuel gases:	Acetylene, propane
Connecting voltage:	230 V 50 Hz
Capacity:	20 VA

**Brennschneidmaschinen aus Apolda – made in germany since 60 years**
